

## *-Leaves of Grass Series-*

Our next special series will celebrate Walt Whitman's literary classic and one of our favorites, "Leaves of Grass." First published in 1855, Whitman's book of poetry is a hallmark of American literature. The series will consist of seven beers, each named after one of Whitman's poems and focusing on the seasonality of when it is released. The series will run over 12 months, beginning in late May 2019, with each beer released about every two months.
