

THE ORACLE™

DOUBLE INDIA PALE ALE

WEST COAST STYLE • RESINOUS & CITRUSY AROMAS
AGGRESSIVE BITTERNESS

Our take on the West Coast-style Double India Pale Ale, The Oracle™ places hop intensity first and foremost, making only the slightest concession to malt and balance.

The fireworks start with the aromatic punch of dry-hop sessions with hop varieties from the Pacific Northwest. Resinous, citrusy hop flavors mixed with aggressive bitterness from a massive kettle addition deliver on that aromatic promise.
