

THE WILD ONE

INTENSELY SOUR BROWN ALE FERMENTED IN OAK FOEDERS
TART • FRAGRANT • VINOUS • WILD

The Wild One begins, not as a single beer, but distinct batches fermented in wooden foeders each with its own array of flavors.

Our brewers sample and blend to taste, resulting in a refreshing brown ale with a tartness buoyed by fragrant aromas of ripe cherry, apple and a bit of funk from *Brettanomyces* yeast.
